COVID-19 Risk assessment 5 - Employee safety
Hazards?
Infection spread by staff with symptoms of COVID-19
exposure to the virus due to the inability to maintain social distancing
sharing vehicles or using public transport may lead to an inability to maintain social distancing
Who might be harmed and how?
Customers
Guests
Staff
Suppliers
Visitors
Controls in place
Advice will be provided to employees on measures to adopt when travelling to and from work including the wearing of masks if using public transport and cleaning hands on arrival at work and back home
Staff will be trained and regularly reminded of the need to avoid touching eyes, nose, and mouth. Where they do touch their face etc. they should wash their hands immediately
for who to use public transport providing they can maintain social distancing and practise good hygiene before and after their journey
Staff will be encouraged to avoid the use of public transport to get to work. Where they do have to use public transport then they will be advised to wear face coverings
Staff will be encouraged to bring their uniform to work in a bag and change into their uniform upon arrival. Changing areas will be regularly cleaned and disinfected
staff will be encourage to use alternative ways as walking or cycling to and from work
